

DESCRIPTION

Memorial Legacy Pavers

The pavers are made by Unilock and are gray in color, to help represent the color of the submarines of that era. They are the ECO - Priora, have a standard finish, and are either 10" X 10" or 10" X 5".

The engraving is Franklin Gothic, all CAPS, 16 characters across for both sizes. For the 10", there are eight lines. For the 5", there are four lines.

The 10" X 10" are **\$500 ea.** and the 10" X 5" are **\$250 ea.** As mentioned, adding a symbol / logo is \$10 extra.

Pavers will be placed nearest to and around the "bulkhead" base first and then randomly around the perimeter to help fill in and balance the remaining space.

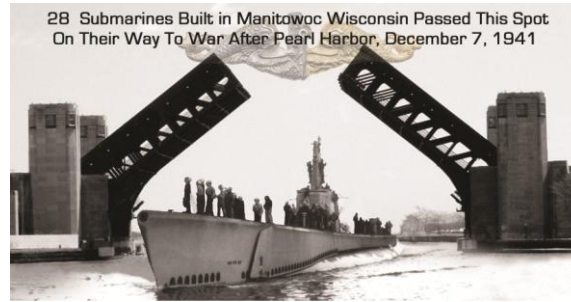

*This Submarine Veterans memorial fund is a grass roots campaign by two local Chapters of the **United States Submarine Veterans, Inc.** Approximately 90% of the project funding to date is from support like yours.
